

PPRS PLASTIC POLLUTION REDUCTION STANDARD

Plastic waste has become a critical environmental issue globally, threatening our ecosystems and marine life. It's time to act and join the movement towards a sustainable future.

The non-profit organization PCX Solutions was the first in the world to establish a fully transparent, third-party audited Plastic Pollution Reduction Standard (PPRS) to ensure the impact and responsibility of plastic waste projects. PCX Solutions has partnered with **Control Union Philippines**, a trusted and reputable third-party certification service. Our expertise in the auditing process ensures the credibility and integrity of the verification process, enabling participants to meet the standards set forth in Plastic Standards.

The Plastic Pollution Reduction Standard (PPRS) has a broad scope, covering the accreditation of Project Partners, plastic crediting, and the certification of Brand Partners as Plastic-Free or Net Zero Plastic Waste.

BENEFITS OF PPRS CERTIFICATION:

BRAND PARTNERS	PROJECT PARTNER BENEFITS (recover, process, recycle)
<ul style="list-style-type: none"> ▪ Enhanced sustainability branding ▪ Access to plastic offsetting and credits ▪ Collaboration and partnership opportunities ▪ Compliance and accreditation purposes ▪ Consumer and customer engagement 	<ul style="list-style-type: none"> ▪ Positive environmental impact ▪ Collaboration and networking opportunities ▪ Increased visibility ▪ Access to generation of plastic credits ▪ Additional credibility through third party verification

TYPES OF PLASTIC CREDITS:

- **Collection Credits:** Additional plastic waste collected by a Project Partner and properly disposed of or recycled, ensuring responsible waste management.
- **Landfill Diversion Credits:** Credits earned by diverting plastic waste from mismanaged landfills to energy recovery facilities, minimizing landfill pollution.
- **Recycling Credits:** Credits obtained by using plastic waste as raw materials for mechanical or chemical recovery processes, promoting a circular economy.
- **Plastic Avoidance Credits:** Credits awarded to projects that offer alternatives to using plastics, encouraging reduced plastic consumption through refill systems and alternative packaging.

WHY CHOOSE US?

- **Validating Commitment to Sustainability:** Our certification services play a vital role in verifying organizations' compliance with the Plastic Pollution Reduction Standard. This verification process reinforces an organization's commitment to sustainability and provides a competitive advantage.
- **Audit Service for PPRS: Ensuring Compliance and Transparency:** Our audit service for the Plastic Pollution Reduction Standard guarantees a thorough assessment of your organization's plastic reduction efforts. Our auditors will evaluate your strategies, data, and documentation, ensuring compliance with the PPRS guidelines.
- **Global Name Recognition:** Spread across 80 countries, armed with expertise and authorized know-how on plastic supply chains.

Join us in making a significant impact on plastic waste reduction and sustainability. Together, we can create a brighter, cleaner future for the Philippines. Contact us today to explore how we can customize our services to meet your organization's needs and goals.
